I Mandatory Questions:

1. Find out a few interesting facts of any two countries of the world where you wish to visit in the future. Write it on a sheet with your creativity.

2. Read and note the weather report given in the daily newspaper for 15 days.

Make columns as given below to show the weather condition of the place where you are spending your holidays. At the end of the 15th day, compare this temperature and analyze the kind of climate present during this time.

S.No.	Date	Max. Temperature	Min. Temperature
-------	------	------------------	------------------

1.	July 1	42 degrees	29 degrees
----	--------	------------	------------

Choose any ONE of the following options:

1. Prepare a model of the earth using a rubber ball to show its different climatic zones.
2. With the help of colored paper, cardboard, ball and a knitting needle, make a model of the earth that can rotate on its axis.
3. Paste a cutout of the map of Greenland on a chart paper. Now, find pictures of animals, inuits, plants, sledges, dress and igloos. Paste them on a map. Let Greenland come to life on a map. Also, find facts about Greenland's currency, language, sports and food.

4. Decide which landform you want to describe. Let us take mountains as an example. Now take a map of India and show the important mountains and mountain ranges in India. Mention:

- The names of important places that are found here.
- The weather and climate, lifestyle of people, for example food, clothing, occupation.

5. Make a model of a desert with an oasis.

6. Make a chart showing 10 famous freedom fighters of India,

and their notable achievements.
