

NGO Visit by the Social Club

**“Remember that the happiest people are not those getting more, but those giving more.-
H. Jackson Brown Jr.**

On 18th May 2023, Apex Public school visited Shiksha Rath, an NGO working with the slum children of Outram lines, Delhi. This outreach programme was under the project of the 'Wall of Kindness', an initiative of the Social Club. The key objective of this programme is to encourage students to give back to the society and extend kindness to those in need.

The Club received generous donations such as - stationery supplies (pencils, pen, colours and exercise notebooks), sanitary items (soap, shampoo, toothpaste, toothbrush and sanitizers), biscuits, basic food supplies (flour, grains and lentils) and a sewing machine. The Organisation was thankful and appreciative of all the articles donated by the Social Club.

The support of the School Management and collective effort of parents, teachers and students was the key to success of the project.
